TEACHERS' DAY CELEBRATION

Celebrating our guiding lights

The Teachers' Day celebration was organised on 3rd September 2026 by the students of Don Bosco School, Bandel, with great enthusiasm and warmth to honour the dedication and invaluable contribution of teachers in shaping young minds. The programme brought together students and teachers in an atmosphere of joy, appreciation and togetherness.

The celebration featured a series of programmes organised by the members of the Student Council, including group dances, musical performances and other engaging activities. The School Prefect also expressed gratitude through a heartfelt speech, highlighting the meaningful bond between teachers and learners and acknowledging the guidance and encouragement provided by teachers. Addressing the gathering, Rev. Fr. Principal reminded everyone that teachers should be respected not just on one day, but throughout the entire year, emphasizing that true respect is shown when we actively listen to them in class and obey their guidance.

The programme concluded with words of appreciation from the faculty members, who encouraged the students to continue their academic journey with sincerity, integrity and commitment.

The celebration was a memorable expression of gratitude and respect, reflecting the enduring spirit of learning and the special bond shared between teachers and students.

Tree Plantation Drive

The EVS students of Don Bosco School, Bandel, accompanied by their teachers, Ma'am Sumana and Ma'am Deepannita, planted saplings of mango, cashew, malta and mosambi on the occasion of Teachers' Day. The saplings were planted at different spots across the school campus, creating a beautiful and meaningful sight as young trees took root in the school grounds. The plantation drive was a thoughtful initiative that went beyond the celebration of Teachers' Day. It was an expression of gratitude towards the institution and an effort to give something back to the school—something that would remain and continue to grow for years to come.

Tree Plantation Drive

The initiative also reflected the students' hope for a greener and more sustainable future. They envisioned a time when future generations would rest in the shade of these trees and enjoy the fruits of the steps taken today. Each branch would carry the dream of a sustainable future, while every root would symbolise gratitude and responsibility towards nature. The plantation drive thus became a meaningful reminder that small steps taken collectively can bring about lasting change. May these little saplings grow into a forest of hope, standing as a living testament to the students' commitment to a greener tomorrow.

HALF YEARLY EXAMINATION

From 7th to 19th of September, the mid term or half yearly examinations were conducted, with proper order and efficiency. It was the ultimate culmination of multiple classes, varied syllabi and much of careful study and revision. This set of examinations was an integral part of our institution's education system, that evaluates the academic ability, punctuality, and regularity of students by the means of continuous assessment throughout the year.

Throughout these two weeks, the rustling of pages and hurried scratching of pens heard in every classroom reflected the dedicated preparation and careful execution of our students, in facing this academic milestone of the 2026-27 school year.
