26<sup>th</sup> November 2020

## Subject: Fee Payment Update (Notice).

There has been an undue delay in preparing the payment portal ready. As soon as the payment portal is ready, it shall be communicated to you through the running scroll of our website as well as through SMS. We hope to restart the payment of fees by 28<sup>th</sup> November 2020.

The last date of payment has been extended to **8<sup>th</sup> December 2020**. All are requested to make the payment of school fees for the months up to November 2020. After that payment will be accepted on a monthly basis. Fees for the month of December can be paid from 14<sup>th</sup> December 2020 onwards.

Only those who have written to the school expressing their consent to pay the full fees will need to pay the full fees. All others are expected to pay the reduced fees. In case the payment portal does not reflect this, kindly inform the school and we will resolve the matter without delay. We regret for the delay and inconvenience caused to you in this process.

The offline mode of payment in the school counter will be continued for those who cannot make online payment. The office time will be from 09:00 am to 01:00 pm on working days (including Saturday).

Henceforth, if some parents write to the school expressing their desire to pay full fees, (who have not yet written to school till date) it will be taken up and they will be paying the extra amount in the last month of the academic year. They will continue to pay the reduced amount in the meantime. A reply with the same information will be provided to such parents who may desire to pay full fees later.

Fr. Noby K. George, sdb
