Let me also caution you about certain things:

Please avoid any third party that approaches you in connection with the admission with the promise of admission here. Beware of touts who try to cheat people during the admission-season. Recommendations for admission are also not entertained.

Do not offer any money to anyone who approaches you asking for money in the name of admission, posing to be well connected with the school, or pretending to have something to do with the admission procedure. We do not accept any money as donations. Therefore, do not spoil the name of this institution by offering money to anyone.

If it is known to the school authorities, even subsequently, that money has been paid to anyone in connection with an admission, that admission will be cancelled and the student will have to be withdrawn.

Finally, do not believe anyone who approaches you for money saying that the above mentioned facts are just pretensions.

God bless you.
