## Notice to Parents

Dear Parents,

Greetings and wishes from Don Bosco School, Bandel.

This letter is in sequence to the previous letter wherein I had indicated the possibility of classes being resumed at the earliest. After having considered the situation and consulting various people involved in the field of education we are of the opinion that the classes can be resumed but in segments.

Thus we propose to resume classes in the following manner.

**Classes 6 to 12** shall resume classes from Thursday, May 02, 2024. They will come to school at 07.55 am and the classes will give over at 10.50 am. They will have only 4 periods of class, bring only the books of the first four periods.

**Classes KG to 5** will resume classes from Thursday, May 02, 2024. They will come to school at 08.20 am and the classes will give over at 10.30 am. They will have only 4 periods of class, bring only the books of the first four periods.

Please note that the school will reopen on June 10, 2024, as we are already having sufficient summer break.

We, at school are aware of the difficulties caused by the change of schedule at school, but in the interest of the good of our children and their education, we are compelled to make these changes. Such and similar incidents have become an annual feature and we hope to find remedy for this by next year. We are confident that things will take a turn for better in the days to come. We wish our children the joy of learning in school, in the company of their friends and teachers.

Yours truly,

Fr. Siby Joseph Vadakel sdb
